## → How to use Smart Guide

The “Smart Guide of Taisekiji” is available at various locations at Head Temple Taisekiji.

By using your smartphone and tablet to read the QR codes, you can view explanations in multiple languages and photos of Buddhist structures and historical sites on the temple grounds. (Photos of the seasons and events, as well as photos of the interior of the buildings that are usually inaccessible are also available).

※An Internet connection is required to use the Smart Guide.

## How to use

### 1. Find the Smart Guide

Check the map on the reverse side and go to the location where the Smart Guide is installed.

The Smart Guide is attached to pillars, signs, panels, etc.

### 2. Read the QR code

Use the camera of your smartphone or tablet to read the QR code and connect to the dedicated website.

### 3. Scroll through the website

Scroll to view descriptions and photos.

You can switch to another language from the menu in the upper right corner.
